### INDIANA, Southeast

**INZ050-058>059-073>074- Wayne - Fayette - Union - Ripley - Dearborn - Switzerland**  
**074-074-080**

10	0200EST 1530EST		0	0		Flood
----	--------------------	--	---	---	--	-------

A stalled out warm front along the Ohio River provided the focus for several clusters of thunderstorms to move across southeast and east central Indiana from the early morning into the afternoon. Total rainfall amounts from the clusters of thunderstorms generally ranged from three to five inches. The copious amounts of rain caused creeks and streams to rise out of their banks, and numerous roads were closed due to high water.

#### **Ohio County**

**1 W Rising Sun**

10	0400EST 0440EST		0	0		Flash Flood
